

Sustaining Relationships with Industry Partners

National Conference 2009

25-27 November

Edith Cowan University

Building 21, 270 Joondalup Drive Joondalup

The National Association of Field Experience Administrators Inc. (NAFEA) was formed in 2003 to represent tertiary administrators engaged in the logistical placement of students for field experiences.

Membership of the Association now includes administrators and academic staff from disciplines such as nursing, medicine, law, human services, human movement studies education and engineering.

An essential component of NAFEA's objectives is to ensure that a conference is held annually to facilitate the sharing of ideas, concerns, strategies, innovations experience and expertise.

Field Experience placements in all disciplines are becoming increasingly difficult. It is with this mind that we present "Sustaining Relationships with Industry Partners".

We look forward to seeing you as this year's conference.

Generously hosted by:
